Company or Organization Name

Flying Cloud Institute: Where Science Meets Art

Work Location

Elementary schools in Pittsfield, Lee, Sheffield, Richmond, and

Remote Work Available (Y/N)

No

Company or Organization Description (and mission):

Flying Cloud Institute (FCI) inspires young people and educators through dynamic science and art experiences that ignite creativity.

Our Young Women in Science programs are offered for free to female and non-binary-identified youth in grades 3-8. High school youth mentors are hired and trained to work with the younger girls, building supportive relationships that celebrate they younger girls' learning. Mentors create a joyful, safe environment where youth can take risks, use their voice to go public with their thinking, and explore hands-on STEM with local scientists and engineers.

Reports to

Young Women in Science Director

Description of Duties

Mentor elementary youth in after school Girls Science Clubs, helping them with hands-on science investigations and engineering challenges. Attend quarterly trainings with other youth mentors. Work with the Club Coordinator to create a joyful and caring learning environment where all feel a sense of belonging.
